

# Work System Boxes

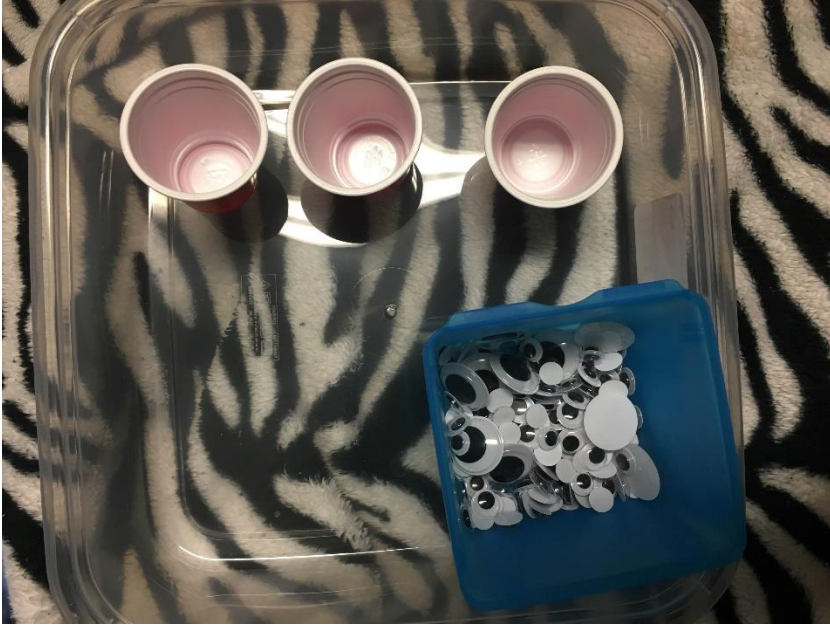

- A. The first part of the work system is finishing the patterns. The student will be given a pattern written on a sheet of paper, and the student has to finish the color pattern with the pom-poms.

- B. The second part of the work system box is sorting buttons by color. There are four cups to separate the buttons by color.

C. The last part of the work system is sorting these eyeballs by size. There are three cups because there are three different size eyeballs: small, medium, and large.
